Christmas Campaign 2026

THE FRAGRANCES OF CHRISTMAS

Cereria Mollá 1899 presents its limited Christmas edition, an invitation to inhabit the year's most magical season through fragrances that awaken memories and envelop spaces in a whisper of light and warmth.

Following the echo of past Christmases, two beloved scents return: Gingerbread Madeleine, where spiced sweetness evokes the intimacy of a cozy home, and Mountain Pine, fresh and serene, like a quiet walk through snow-covered landscapes.

This year, the olfactory narrative opens with a new fragrance: Salted Caramel, a warm and addictive caress that blends the softness of caramel with a delicate salty sprakle, like a sweet memory slowly fading into the winter air.

A campaign conceived as a gift that not only perfumes but suspends time, transforming every moment into memory.

CANDLES AND REED DIFFUSERS COLLECTION

The collection includes 8,11 oz | 230 g candles and 4,06 fl oz | 120 mL reed diffusers, offering different ways to enjoy each fragrance. This year, the design takes on a special role: the containers and packaging follow the colour palette of the candles and reed diffusers, presented in shades of red, green, and brown to create a coherent and visually appealing gift proposal.

Ultimately, this collection reflects the essence of Cereria Mollá 1899 and its commitment to quality, detail, and tradition, expanding its olfactory universe and offering new ways to scent spaces during the holiday season.
